March 14, 2019

Dear Parents and Guardians:

We are at a point now with the driver shortage, and being unable to find any replacement drivers, that we need to move forward with reducing a bus route. We had high hopes that one of the drivers that has been out on medical leave would be returning next week but that's not going to happen. At this time, the only change that makes sense is to eliminate a Johnson route combining three routes into two.

Attached is the updated Johnson route list that includes major roads/stops and estimated times. This change will be effective for Monday March 18th as we have no alternatives. This change is for the remainder of the school year. You can find the updated published routes on LNSD school websites.

If you have questions, please call our office between 8:30am-2pm (802) 888-2103 ext 103.

In addition, for JES, please note, in the effort of reducing a bus, we did have to eliminate going up Dukes road as it adds additional time to the bus route which we needed to try to cut even if only by 5 minutes.

Also, as a side note, the "revised" J2 route will be run with a 14-passenger mini school bus.

We apologize for the changes but find this to be the only solution at this time.

Sincerely,

Josie Langlois  
Lamoille Valley Transportation
